

Seamus**Human adept. 375 karma. No skills higher than 5.**

Seamus is little more than a punk kid who's stumbled into the shadows of Detroit. He is human, but grew up in a family of Orks. His younger sister goblinized at 13, but Seamus never did. He's 19 now. His mom left when he was younger, and his dad is a drunk who does contracting and construction work whenever he can find it.

Seamus drinks a lot, like his old man, and has tried the construction biz, but just doesn't like it. He's found that he does have a knack for fighting though, and lately he's hooked up with a more experienced runner who has been getting him odd work here and there.

Seamus doesn't realize that he is an adept yet. He just assumes he's really good at what he does. Ultimately, Seamus's goal is to try to earn his old man's respect. He feels like he's always been a disappointment just by being a human. So now he wants to find his own way and show that he can make it without having to be like his father.
